*Refreshingly simple and earthy... that's what Camp Allen stands for. Surrounded with lush greenery and fruit bearing trees, paved stones, and wooden cabins, the guest finally finds the much sought after charmingly rustic retreat.*

Camp Allen is ideally located in the National Highway, which makes the camp highly accessible [and can also serve as a hub for travelers since "hot spots" are a few minutes away]. Mainly however, this 4.5 hectare camp serves as a team building, camping, and social events facility for students, campers, and corporate entities alike.

## CAMP HIGHLIGHTS

### *Clubhouse and Social Hall*

The camp's clubhouse and social halls can accommodate 100 and 200 persons, respectively, where seminars, conferences, and other social gatherings can be held.

### *Rooms and Cabins*

The camp boasts of its rustic-inspired cabins and rooms. Air condition and non-air conditioned room are available depending on the clients needs.

### *Camping Ground*

For those who wish to experience and be closer to the tamed outdoors, they can pitch their own tents on the open-ground area. Since the area is flat, has low scattered trees, and is away from the city lights, campers can even set mats on the ground and stargaze at night! The common ground shower, toilet and kitchen are available for campers to use.

### *Meals*

Camp Allen's in-house chef can prepare the most scrumptious dishes at reasonable prices for set or buffet meals and refreshments. Guests may consider this option and choose from a wide variety of packages or they may choose to cook their own snacks and meals. The latter option however requires guests to bring their own ingredients and rent the camp's kitchen.

### *Rope Courses*

Currently, there are 17 low-, 4 mid-, and 3 high-event rope courses: from Blind Man's Trail to Chicken Walk, Swinging Tires to Bosun's Chair, and Wall Climbing to Rappelling.

Challenge your fear and anxiety! With these rope courses, one finishes the program to become a more confident and focused person. Leadership and teamwork are also learned along the way. Moreover, participants will be challenged to think strategically to get through these "rope" obstacles

## Swimming Pool

After the grueling day of seminars or physical activities, cool off in the camp's Lucky Eight pool or its poolside "lounge". Children's pool is also available.

## Bonfire Area

A camp is not complete without a bonfire area. Gather around the bonfire at cool nights and be comforted by its warmth and crackling sounds. Toast marshmallows or share mugs of warm chocolate/coffee with friends or family, because these are the moments when most of the interesting stories are told! Better yet... some of your interesting stories may even start here.

## Facilitator and Technical Staff

External facilitators are strongly recommended to coordinate with our in-house facilitators and technical staff so the guests may fully utilize our facilities

## Specialty Services

With your imagination and our resourcefulness, here are just some of the possibilities:

- ✦ Leadership seminar
- ✦ Team Building
- ✦ Youth Camp
- ✦ Seminars and Conferences
- ✦ Retreats and Reunions

We will be more than happy to hear your suggestions as to how we can host the event or activity you have in mind.
